

## Expert in Clinical Trials

The International Clinical Research Center of St. Anne's University Hospital in Brno (FNUSA-ICRC) seeks a highly motivated and qualified individual with expertise in clinical trials. The selected individual will play a leadership role in developing clinical trials further within and beyond FNUSA-ICRC.

**Starting Date: Immediately**

### About FNUSA-ICRC

The International Clinical Research Center of St. Anne's University Hospital in Brno (FNUSA-ICRC), Czech Republic is a new-generation research center focusing on the pathogenesis of diseases including finding new methods, technologies and medicaments for effective prevention, early diagnostics and individualized treatment.

We are a top Central European research center with more than 300 researchers, new technologies and experience in using EU grant support. We focus on research and development in the fields of cancer, immunological, cardiovascular and neurological diseases. Our partners are world-class research centers and universities. For more reference, you can see our website: <http://www.fnusa-icrc.org/en/>

### The successful candidate will:

- Play a leadership role in developing clinical trials further.
- Play a role in training other members of the team in clinical trials.
- Develop a business plan to enlarge the current clinical trials portfolio.
- Collaborate with FNUSA-ICRC partners in improving clinical trials.

### Desirable Qualifications:

- University degree.
- Experience in clinical trials.
- Experience as a manager ideally in the field of clinical trials.
- Fluency in English language (written and oral) is required.
- The applicant should be well-organised, motivated about pursuing a career in biomedical research and with problem-solving attitude. Solid written and verbal communication skills, keen attention to detail is crucial.
- The applicant should be able to work independently, to manage day-to-day operations in a multifunctional scientific team environment.
- The applicant should have a team-driven mentality and closely collaborate with other researchers within FNUSA-ICRC.

### We offer:

- Key position in the field of clinical trials. Final position will be established based on the education and experience of the selected candidate.
- Excellent services supporting clinical trials and related research, including project management and finances.
- Participation in national/international congresses when needed.
- FNUSA-ICRC hosts international team members, has a strong publication track record and international collaborations.
- Employee bonuses.

**How to apply:**

Please submit your application to [martin.vasek@fnusa.cz](mailto:martin.vasek@fnusa.cz).

The application should consist of CV with 2 academic referees and motivation letter.

We are looking forward to hear from you!

**Selection process:**

All received applications will be reviewed carefully, with focus on the excellence of candidates. Shortlisted candidates will be contacted and invited for an interview.

**Disclaimer:**

We are pleased to consider all qualified applicants for employment without regard to age, gender, marital status, sexual orientation, race, colour, religion, ethnicity, disability, national origin, nationality, political opinion or any other aspect unrelated to work.

By responding to this invitation and/or sending your CV and any other personal materials to St. Anne's University Hospital, you consent to the collection, processing and storage of your personal data in accordance with Act No. 101/2000 Coll., the protection of personal data. You are providing St. Anne's University Hospital with these data solely for the purpose of mediating employment, the period however being no longer than one year from submitting. Should you not reclaim the materials submitted by you, they will be discarded after the period has expired.
